

August 2024 NEWSLETTER

NEWS

* Road Maintenance (street sealing) is scheduled for Oct 1,8 and 11.

*Community Bulk trash is slated for September.

*Palm tree inspections are done. A disappointing number of trees pose a risk to lightning/fire and falling debris damage. To avoid fines, we recommend scheduling tree maintenance.

*A special thank you to all residents who came together to help clear debris and verify the safety of others following the Storm on Sunday, July 14!
